By signing this Authorization and Enrollment, Customer authorizes Commonwealth Edison Company (“ComEd”) to change Customer’s electric service provider to MidAmerican Energy Company (“MidAmerican”). Customer has received and agrees that its electric services will be provided consistent with MidAmerican’s Terms and Conditions of Electric Service. ComEd may charge a fee for changing electric service providers; however, this fee will be paid by MidAmerican.

Terms & Conditions of Electric Service

These terms and conditions (Agreement) apply to your electric service with MidAmerican Energy Company (MidAmerican). If you have any questions, please call MidAmerican's customer service department at 1-800-432-8574 between the hours of 7:00 a.m. and 5:00 p.m. (Central Time), Monday-Friday.

Price: MidAmerican will arrange for delivery of 100% of Customer's electric service. Customer agrees to pay Commonwealth Edison Company's (ComEd) electric supply and transmission rates less MidAmerican's Guaranteed 10% Discount. Discount does not apply to delivery service charges, supply adjustments, public programs, taxes or other fees. These charges will be passed through directly from ComEd on MidAmerican's monthly invoice.

Term: This Agreement is effective upon acceptance by MidAmerican. Service will begin upon successful enrollment with ComEd and no earlier than Customer's scheduled January 2007 meter read date. Service will end with the Customer's regularly scheduled meter read date in May 2008 (Primary Term). AFTER THE PRIMARY TERM, THIS AGREEMENT SHALL CONTINUE ANNUALLY THEREAFTER UNLESS TERMINATED BY EITHER THE CUSTOMER OR MIDAMERICAN PER THESE TERMS & CONDITIONS.

Change in Terms or Conditions: If MidAmerican proposes changes to the terms or conditions of this Agreement for a renewal period, MidAmerican will provide Customer written notification of those changes at least 30 days prior to the renewal date. Customer will have a grace period up until 20 days after the issuance of the second invoice under the new terms and conditions to provide written notice to MidAmerican of their intent to terminate service under this agreement, without penalty. MidAmerican will return Customer's accounts to utility service rates effective with the next available meter read date.

Termination of Service: If either party elects to terminate service after the primary or renewal term, written notification must be provided to the other party at least 30 days prior to the renewal date. If Customer elects to terminate early, outside of the renewal or defined grace period, an early termination fee of \$100 per account will apply. After a termination request, Customer may elect another supplier or MidAmerican will return all accounts to utility service on the next available meter read date.

Eligibility: This Agreement is only applicable to non-residential accounts eligible for rate BES-NRB (less than 400 kW) as designated at the time of enrollment. These accounts typically spend less than \$100,000 in annual electric costs. Customer must provide a copy of the utility bill with signed enrollment form to validate eligibility. MidAmerican reserves the right not to initiate service under this Agreement if, at MidAmerican's sole discretion, Customer is ineligible for this offer.

Financial Responsibility: MidAmerican reserves the right to require a satisfactory credit review of Customer's payment practices. If Customer's credit becomes unsatisfactory (including late payment), MidAmerican may terminate this Agreement by giving notice of cancellation.

Billing and Payment: MidAmerican's invoice will reflect all electric service charges including ComEd delivery charges. During seasonal changes from ComEd's summer/winter rates, Customer's bill will be prorated based on average daily usage. Customer must pay each monthly bill in full by the due date, which will not be less than 20 days from the invoice date. Late payment charges may be assessed at the rate of 1½% per month of the outstanding invoice amount if not received by the due date.

Unexpected Catastrophe: If a party is unable to perform under this Agreement because of circumstances not reasonably within its control, including suspension, curtailment or service disruption, acts of God, breakage of generation or transmission and delivery facilities or weather disasters, it will provide notice to the other party, and the parties' performance is excused for the catastrophe's duration.

Limitation of Liability: ComEd continues to provide delivery services under this Agreement; therefore, MidAmerican will not be liable for any injury, loss, claim, expense, liability or damage resulting from failure by ComEd or transmission provider. MidAmerican is also not liable for any injury, loss or damage resulting from interruption, insufficiency or irregularities of service. In no event will either party be liable to the other party or to any third-party, for any special, incidental, indirect, consequential, punitive or exemplary damages or for any damages of a similar nature arising out of or in connection with this Agreement.

Dispute Resolution: All inquiries, questions, complaints or disputes may be directed to MidAmerican Energy Company, P.O. Box 4350, Davenport, IA, 52808 or by phone at (800) 432-8574.

Miscellaneous: The parties agree that the laws of the State of Illinois shall govern this Agreement. Customer cannot assign this Agreement. If there is a change in law, regulation or applicable tariffs or regulatory interpretation thereof that affects MidAmerican's provision of service to Customer, either party has the right to cancel this Agreement with 30 days written notice. This Agreement is a forward contract under applicable bankruptcy laws.

DESIGNATION OF GENERAL ACCOUNT AGENT

As provided for in the tariffs of Commonwealth Edison Company ("ComEd"), Customer hereby designates MidAmerican Energy Company to act as Customer's General Account Agent ("General Account Agent") for all purposes in arranging and managing tariffed services provided by ComEd in regard to the Account number(s) listed on the back of this form. ComEd may rely and act on any and all representations and requests made by General Account Agent on behalf of Customer as if made by Customer directly, except that General Account Agent shall not have authority to request that ComEd release prior credit history or disconnect service.

General Account Agent may be contacted at the following address(es), telephone number(s), fax number(s), and e-mail address(es):

MidAmerican Energy Company, PO Box 4350, Davenport, IA 52808

Phone: 1-800-432-8574

Fax: 1-563-333-8563

Email: Billing-CSRetail@midamerican.com

(Attach additional sheet(s) if more room is needed.)

Customer acknowledges that General Account Agent is an agent of Customer, not of ComEd. Customer acknowledges that ComEd will send all bills and notices, including notices prior to disconnection, to General Account Agent. Customer may or may not receive such notices directly from ComEd in the future. ComEd is not a party to, and shall not be bound by, the agreement(s) between Customer and General Account Agent. The use of a General Account Agent does not amend, modify, or alter ComEd's tariffs or any contracts between ComEd and Customer. General Account Agent has no authority to enter into any agreement on behalf of ComEd or to amend, modify, or alter any of ComEd's tariffs, contracts, or procedures, or to bind ComEd by making any promises, representations, or omissions. This Designation of General Account Agent shall be valid until Customer or General Account Agent provides ComEd with written notice of its termination or until this Designation is otherwise terminated in accordance with ComEd's tariffs.

The designation or use of a General Account Agent does not affect Customer's responsibilities to timely pay ComEd all amounts due and perform and satisfy all other obligations applicable to Customer. Customer shall remain liable to timely pay ComEd for all balances due for services rendered by ComEd and all other balances owed ComEd, even if General Account Agent fails to remit to ComEd amounts paid by Customer to General Account Agent for remittance to ComEd. Customer shall be responsible to protect its interests with General Account Agent. The appointment of General Account Agent shall not give Customer or General Account Agent any additional rights beyond those Customer would have under ComEd's tariffs and any agreements between ComEd and Customer. ComEd shall not be required to perform services for General Account Agent as agent of Customer that ComEd does not perform for Customer.

Illinois Guaranteed Discount Offer

Frequently Asked Questions

| Question | Answer |
|---|---|
| How do the guaranteed savings work? | MidAmerican Energy charges your exact utility supply and transmission rates. The discount is then applied to your total charges and subtracted from the amount due. Each invoice will list your total savings for the month compared with your utility rates. All other charges (distribution, taxes, etc.) are passed-through directly from ComEd. |
| How does MidAmerican know my utility rate? | Each utility must publicly publish its rates and charges. These rates are usually found on the utility's website. |
| What portion of my total bill is discounted? | This varies from customer to customer based on actual usage patterns. For a typical customer, supply and transmission costs account for approximately two-thirds (67%) of your total electric bill. |
| How do I know if I am eligible for this offer? | If your organization spends less than approximately \$100,000 in annual electric costs, it is likely eligible for the offer in your utility territory. MidAmerican will contact you about alternative product options if, after further review, you are not eligible. |
| How does deregulation work? | The easiest way to explain deregulation is to think of your phone service. The utility owns and maintains the poles and wires but you have a choice of who provides your long-distance service. Electricity works the same way. The utility will operate the poles and wires that deliver power to your organization (distribution) but you may purchase the actual electricity from other certified suppliers (like MidAmerican Energy) if you choose. Switching is seamless and reliability is not affected in any way. |
| Why are utility rates so high? | Utilities in Illinois no longer own generation plants and must purchase wholesale electricity every year. The price paid for that electricity is then translated into consumer rates. Hot summers, political tensions in the middle east and violent weather have put upward price pressure on all energy commodities. Your rates this year reflect a high energy market. |
| Will I receive just one bill? | Yes. You will receive one bill from MidAmerican Energy every month after the switch. The utility continues to deliver the electricity to your home or office regardless of which supplier you choose and those charges will also be on your MidAmerican invoice. You'll make one payment to MidAmerican and we will forward distribution charges to the utility. |
| Is budget billing available? | Yes, MidAmerican will set up budget billing for your account(s) upon request. |
| What is the term of the agreement? | First eligible switch date (after January 2, 2007) through your May 2008 meter read date. After May 2008, the agreement will renew annually unless cancelled by either you or MidAmerican. MidAmerican will send a welcome letter within 2-3 weeks of receiving your enrollment containing the estimated switch date(s). |
| What is the cancellation policy? | If MidAmerican requests a change in terms and conditions for a renewal period, you will have up to two billing cycles under the new terms and conditions to cancel without penalty. Otherwise, you may cancel at anytime during the term (or renewal term) for a one-time fee of \$100/account. |
| Who is MidAmerican Energy? | MidAmerican is a regulated utility, headquartered in the Midwest with a strong reputation for reliable, low-cost energy. MidAmerican's Unregulated Retail Services division offers retail electric and natural gas services in several deregulated markets including Illinois. MidAmerican's parent company (MidAmerican Energy Holdings Company) is a wholly-owned subsidiary of Berkshire Hathaway. |
| How long has MidAmerican served Illinois customers? | MidAmerican entered the Illinois electric market with the beginning of deregulation in October 1999. MidAmerican has operated as a regulated utility for over 145 years. |

Rate Chart

At MidAmerican Energy, we developed our Guaranteed Savings Offer so customers know their savings each and every month. The savings are guaranteed and displayed on every invoice.

The chart below is provided as an evaluation tool only. Comparing rates can be a difficult and time consuming process. With MidAmerican Energy's Guaranteed Savings offer, we do the work for you by calculating your exact ComEd electric supply rates and then discounting those charges by your guaranteed savings.

ComEd Service Territory

| Electric Supply Charge | Type of Charge | Utility Rate (Based on preliminary auction results.) | MidAmerican Energy's Effective Rate* | Guaranteed Savings |
|--|----------------|---|--------------------------------------|--------------------|
| Watt-Hour (Accounts without demand charges) | | | | |
| Supply Charges | Per kWh | Summer: 7.475¢ Winter: 7.265¢ | Summer: 6.728¢ Winter: 6.539¢ | 10% |
| Supply Administration | Per Month | 33¢ | 29.7¢ | 10% |
| Transmission Charges | Per kWh | .283¢ | .255¢ | 10% |
| Small (Accounts 0-100 kW) | | | | |
| Supply Charges | Per kWh | Summer: 7.370¢ Winter: 7.217¢ | Summer: 6.633¢ Winter: 6.495¢ | 10% |
| Supply Administration | Per Month | 33¢ | 29.7¢ | 10% |
| Transmission Charges | Per kWh | .283¢ | .255¢ | 10% |
| Medium (Accounts 100-400 kW) | | | | |
| Supply Charges | Per kWh | Summer: 7.275¢ Winter: 7.177¢ | Summer: 6.548¢ Winter: 6.459¢ | 10% |
| Supply Administration | Per Month | 33¢ | 29.7¢ | 10% |
| Transmission Charges | Per kWh | .283¢ | .255¢ | 10% |

* Effective rate is for comparison purposes only. Each month, MidAmerican Energy will calculate the exact rates you would have paid with the utility for supply and transmission charges. These total charges will then be discounted by your guaranteed savings rate. The effective rate is provided as an evaluation tool to compare against fixed price offers but these rates will not appear on your bill.

Summer months are defined as June, July, August and September. All other months are classified as winter.

All other charges (including distribution, taxes, public programs, etc.) will be passed through directly from ComEd on your monthly MidAmerican Energy invoice.

For questions or additional information, please contact our customer service department at (800) 432-8574.

Until you are enrolled with MidAmerican, these rates are subject to change. Please visit our website at www.midamericanchoice.com for the most recent rates. Unregulated Retail Services is a division of MidAmerican Energy Company offering unregulated products and services.
