FROM YOUR FRIENDS AT AMI ENTERTAINMENT

A LETTER FROM LIFETIME AWARD AD JOURNAL COMMITTEE CHAIRS

August 2014

We consider it an honor to have been asked by the Board of Directors of the AAMCF to co-chair the committee that oversees the Fund Raiser / Journal to honor association Past President Rick Kirby. We have known Rick for many years. We have seen him grow from a being a brash young man filled with enthusiasm and a love for the industry into a true statesman filled with enthusiasm and a love for the industry.

Rick has given his time and energy to a myriad of causes both great and small. He has fought alongside operators in many communities, tackling zoning issues, tax reform, relaxing limits on arcade size or increasing the number of machines allowed in a venue. Whatever the issue, if Rick gets a call for help, he always says "Yes!" Rick has not only fought to improve the business conditions in our industry, he has also put forth his best efforts for the many charitable endeavors that the AAMA and AAMCF have supported.

Rick served as President of the AAMA more than two decades ago. Usually, after an individual has finished this pinnacle position, they begin to do less and less for the association. Not Rick. He saw a need: that the AAMA take on a larger role in Washington, DC. So Rick volunteered once again. Under his guidance we have grown solid relationships with key decision makers and Congressional staff members. The industry's voice is being heard in Washington, and Rick Kirby's efforts are helping protect our interests in this crucial arena.

When we began to put this Journal together we discovered that we are not the only people who appreciate Rick. The challenge proved not to be finding people who wanted to talk about Rick; the challenge was editing the content so that the Journal didn't become too heavy to mail. Many companies and individuals stepped up to support the AAMCF Charities in honor of Rick Kirby. Our thanks go to these sponsors. And our thanks go to Rick for making this task both easy and pleasant.

Sincere regards,

Kevin Fritz
John Margold

Thank you to all Advertisers!

A MESSAGE FROM AAMA PRESIDENT PETER GUSTAFSON

The Association takes great pleasure in continuing an extraordinary tradition with the presentation of the 2014 Lifetime Achievement Award; an honor given to a person who has made many contributions to the coin-operated amusement industry. The individual is acknowledged for their outstanding service and positive impact on our industry. The criteria for a nominee includes having a minimum of 15 years in the industry as well as being a humanitarian with creative talent, ethical strength, and a combination of emotional, intellectual and moral qualities that distinguish the nominee as having an outstanding reputation. This person has demonstrated kindness and concern for others and has contributed in helping others to achieve success.

This Year's Life Time Achievement Award recipient is a past President of the AAMA who took a brief hiatus from the association but his commitment to the industry simply would not allow him to stay away for long. He has been a selfless contributor and industry leader for as long as I can remember. His commitment to our industry sets a high bar for others to aspire to. He is always available and willing to volunteer his time and energy to advance our organizational goals and objectives. He is seen by his customers and suppliers as a "guy that gets things done". He operates at a level that consistently exceeds expectations. He doesn't "pass off" a customer's problems until they're concluded to that customer's satisfaction. His enthusiasm for the industry and people is infectious. As a leader he has the ability to get people engaged, active, and producing by keeping others on task and on target while holding himself to a high degree of accountability.

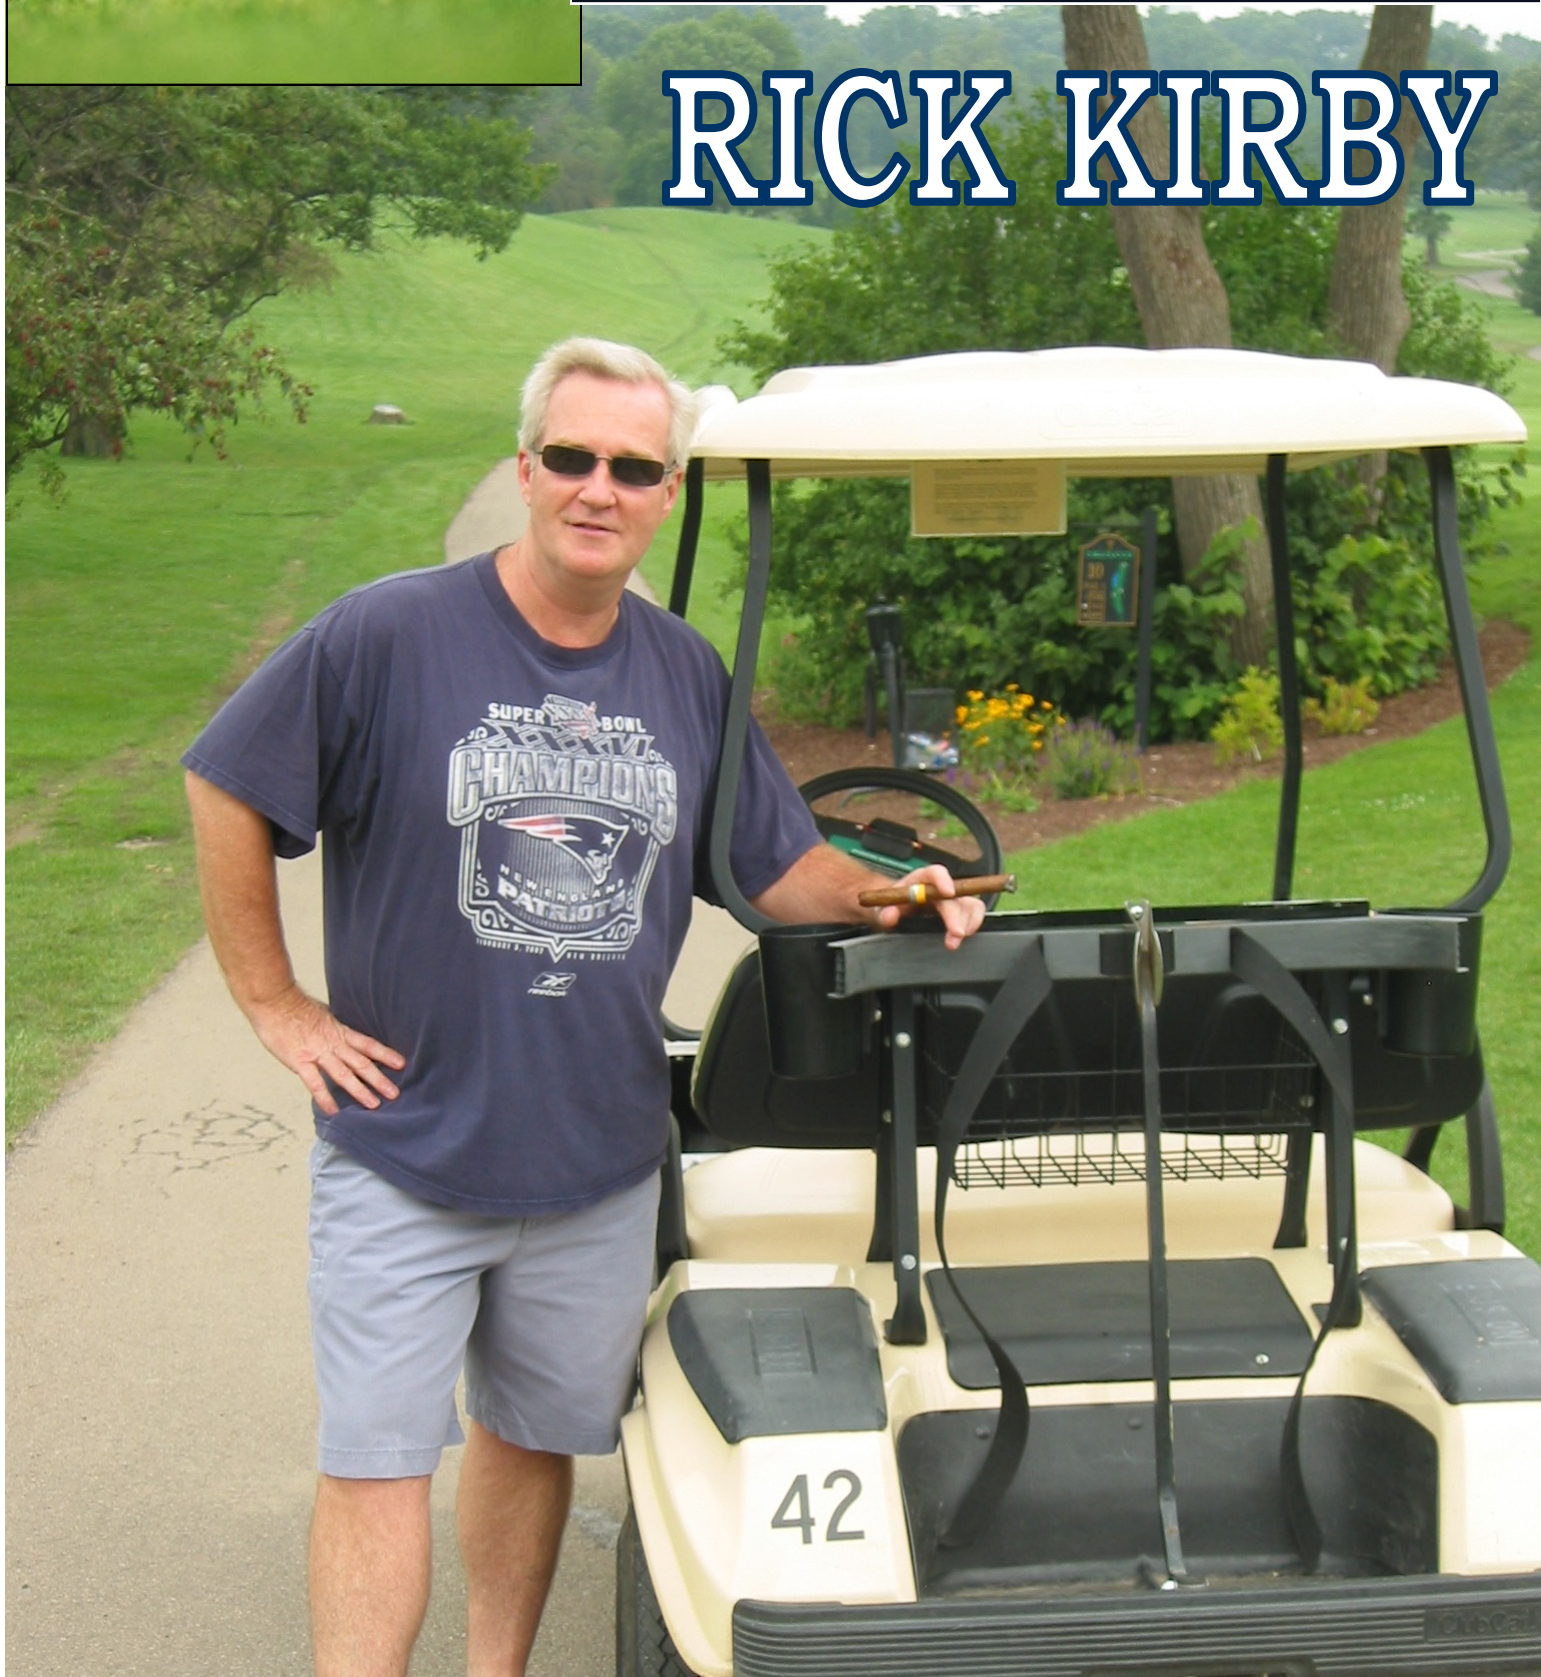

His charitable work is commendable - most recently with his work in creating the Community Arcade for the families and friends of the Sandy Hook Elementary School in Newton, CN. He led this effort by soliciting industry members to contribute products and services giving all of us an opportunity to - in some small way - "make a difference" for this devastated community. At a time when the entire country was feeling numb and at a loss for a way to help, this individual presented us with the opportunity to do just that.

Lastly, he operates with integrity which to me means he's a man of his word - he does what he says he's going to do when he says he's going to do it and when he doesn't, he cleans up his mess and gets back to being his word. I consider this man an important mentor in my life and one I'm proud to call friend.

In grateful appreciation for your years of dedication to the coin-operated amusement machine industry, it is my great pleasure and distinct honor to present the 2014 Lifetime Achievement Award to Mr. Rick Kirby.

RICK KIRBY

Richard “Rick” Kirby Honored with Lifetime Achievement Award

Richard Kirby is a powerful and professional executive whose entrepreneurial instincts and vision have created countless business opportunities, which has aided in rapid and continual business growth.

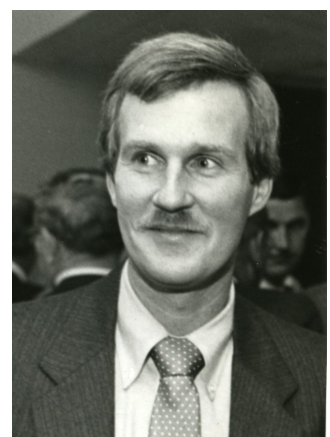

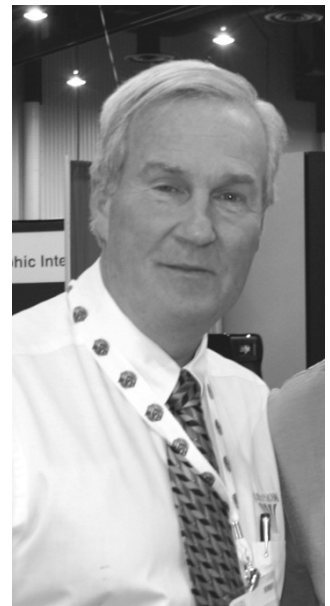

Rick Kirby is currently the Executive Vice President at Betson Enterprises, a division of H. Betti Industries Inc., the world's leading distributor of coin-operated amusement and vending equipment, parts and service, celebrating 80 years of experience and leadership in the industry.

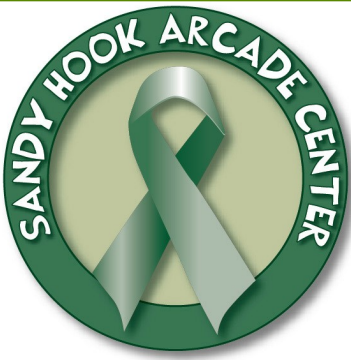

A loved and respected individual throughout the coin-op industry, Rick thrives on challenges, particularly those that expand the company's reach. His, greatest strengths are his creativity, drive, leadership, and industry commitment, which have led to the selection by the American Amusement Machine Association as the 2014 recipient of their Lifetime Achievement Award. This honor is awarded to an individual for their outstanding service and positive impact in the coin-op industry. Rick's many contributions to his friends and the industry are invaluable.

His accolades and accreditations include, “Man of the Year” for the Massachusetts Operator's Association in 1987 and for The Amusement and Music Owners of New York in 2004. Former President of the American Amusement Machine Association from 1995 to 1997, he actively serves on its Board of Directors. He was the recipient of AAMA's “Joe Robbins Award” as well as its “President Award”, for outstanding participation and dedication to the coin operated amusement industry. Rick also led the effort to reconstruct the Sandy Hook Arcade after the Newton school shooting tragedy in Newtown, Connecticut.

Prior to Betson, Mr. Kirby was Vice President/General Manager of New England Coin-Op Distributors, another division of H. Betti Industries, Inc. and as the former Vice President of Bally Northeast, Richard has logged 36 years of experience in coin operated devices and amusements.

A native of Bay Ridge, Brooklyn, and raised in northern New Jersey, Richard Kirby attended Suffolk University in Boston, Massachusetts, where he received a B.S. degree in Marketing. Rick resides in Brockton, Massachusetts and is a father of two sons, Joe and Evan. He is active in his community and served as a coach and board member for the Bridgewater Biddy League Basketball team for over a decade, where he coached both his sons. As a natural leader, he is a member of the planning commission for the clubhouse of his local golf course, Scotland Links, serves as the Director in Chief of the Beautify Boxwood Committee and is one of the founding members of the Palm Street Bombers. Rick is also a season ticket holder of his beloved New England Patriots.

What happened in Sandy Hook on 12/14 is simply indescribable – what happened when we reached out about our arcade idea is simply inspirational.

Our children, teachers, first responders continue to grapple on a daily basis with the aftermath. There is no secret potion or remedy to set our town back on course. But what we have learned is that healing comes in many shapes and sizes. A simple snowflake created by another child in a small Nevada town, a stuffed animal sent from Florida, a visit from the New York Knicks, monetary donations from across the world AND 2400 square feet covered with pinballs and arcade games for all of Newtown to enjoy.

It started as just an inkling, a fleeting thought really. Arcade games and pinball had always brought such joy to my family. Could we create a temporary arcade in Newtown with the sole purpose of pure fun? Would we be able to cobble together enough games to really attract the families of Newtown? Indeed, the games were one of the most critical elements. The concept for the Sandy Hook Arcade Center was born but we needed help to execute

When we made that first call in mid January 2013 to Rick Kirby at Betson we crossed our fingers that they would be able to send us a couple of used games in working conditions. There was no way to anticipate the response we got. Rick took on the task with passion and enthusiasm. He reached out to the vast network of vendors Betson has and within days we were getting updates on the treasures he was able to secure.

Three short weeks later we stood outside our new freshly painted space with Rick as the trailer trucks arrived from across the country. The Sandy Hook Arcade Center came to life that day. They unloaded and put together game after game...dueling Pop a Shots, Pac Man Battle Royale, Doodle Jump, Air Hockey, Avengers pinball, Fast and the Furious Race Cars, Temple Run just to name a few. These were not used games, they were state of the art, brand new. We were tingling and it wasn't from the cold February frost. Rick had assembled a menagerie of attractions with something for everyone – even an elaborate photo booth that captured literally thousands of smiling faces.

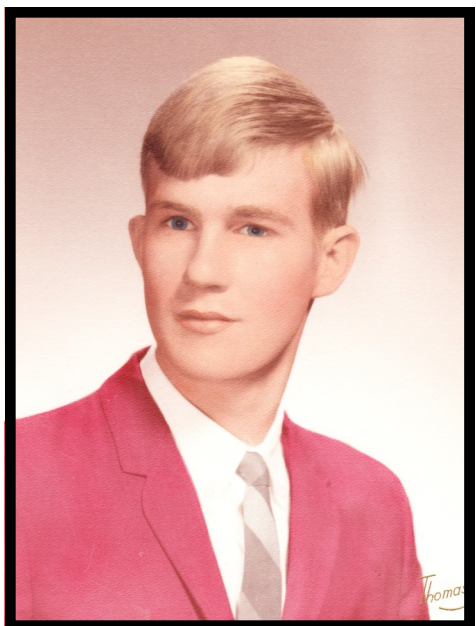

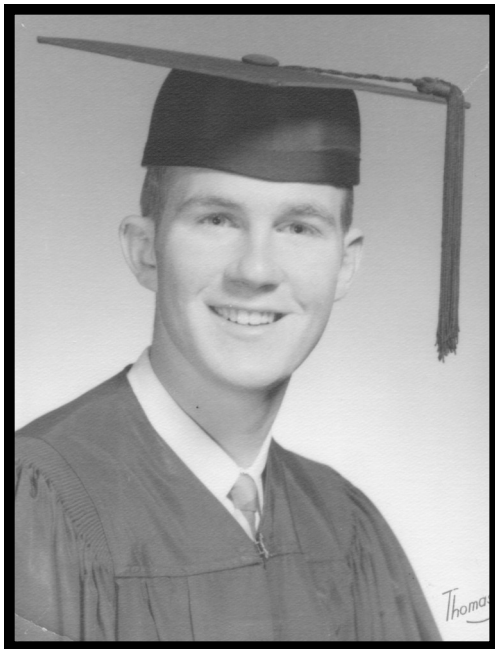

The reaction of the visitors to Sandy Hook Arcade Center would melt your heart – the sheer glee of the children as they embarked on their gaming adventure; the jaw dropping awe from the parents as they marvel at what was created. “How did you do all this?” was a common question. We simply point to our sponsor sign and smile. We had a lot of help from our friends we would say.

After opening our doors in February Rick was generous with his time answering our questions and sending new supplies and technicians to help us work out the bugs. He was a wonderful resource in the 8 months the Sandy Hook Arcade Center was open.

Amid the bells and whistles of the pinballs, the thunderous roar of the driving games and the rhythmic thumping of the pop a shot machines was that sweet sound we have been craving these months – laughter.

We are so grateful to Rick Kirby for taking that leap of faith to make a difference, for being our champion and game purveyor, for bringing laughter to Newtown.

We're Changing The Industry!

Congratulates and Salutes **Rick Kirby** on the **AAMA Lifetime Achievement Award**

Mr Rick Kirby;

I have had the good fortune to know Rick Kirby for over 30 years. In the early years we were both in equipment distribution; we were at many manufacturer meetings and created a mutual respect and relationship. The last five years, at the helm of the American Amusement Machine Association, I have had the opportunity to work closely with Rick and truly understand the passion and dedication he has for our industry. He has revitalized the Government Relations Program and we both believe that the most important thing an association can do is protect our industry from negative federal regulations that harm our industry.

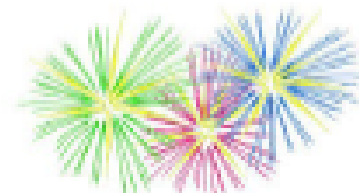

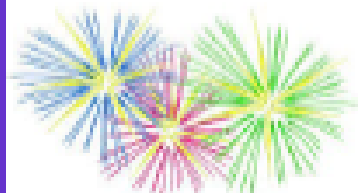

Rick Kirby has done so many very creditable things for the well being of the coin-op industry, whether it is for charity, his customers, industry associations or his involvement in the aftermath with the horrible situation at Sandy Hook school. The creation of the Sandy Hook Arcade Center was a perfect example of his passion and dedication to our industry and his fellow man.

I could go on and on but that is not Rick as he defers the personal notoriety, he always want to make sure other people receive the notoriety and not him. That is why this Life Time Achievement award and the Journal truly are perfect to thank Rick for all that he has and will continue to do for our industry. I am very proud to say Rick Kirby is my friend and want to thank him for all he represents.

Ricky!

A lot of sand has gone down the coin-op hourglass since we first met, and we sure have our share of memories.

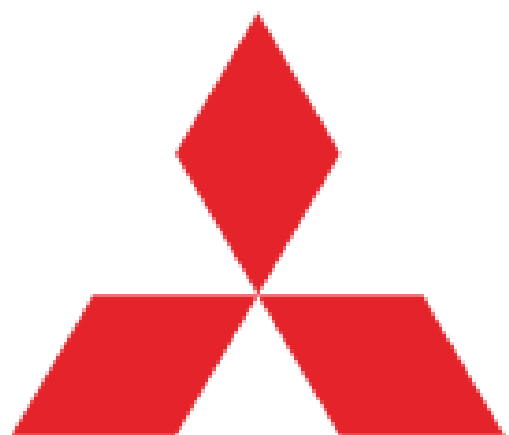

But, the advice you gave me while driving through Boston 22 years ago was the best one of all.

I'm proud to join your other colleagues in this salute. You're a singular guy who gets high marks on both the business and the friendship ladders.
