2019 LIFETIME ACHIEVEMENT AWARD HONOREE

RALPH COPPOLA

An entrepreneur with a strong work ethic, Coppola started a company, along with Jack Willert, that would eventually become one of the world's largest arcade game producers. Innovative Concepts in Entertainment, simply known as ICE today, was founded in 1982 when it introduced Super Chexx Bubble Hockey. ICE would go on to design, build and sell more than 150+ arcade titles during Ralph's lifetime! This industry was not a job, it was a passion for Ralph and ICE became his second family!

Coppola was born and raised in Orchard Park, NY, and educated in the Jesuit tradition. He graduated from Canisius High School in 1966 where he played basketball and baseball, and recently served on the school's board of trustees. He received a degree in accounting at Canisius College (Buffalo) in 1970 and a law degree from University of Buffalo in 1974.

Coppola was known for his quiet philanthropy and generosity. This was evident through local charity events that auctioned his legendary bubble hockey games to raise funds for Make a Wish, American Heart Association, schools and churches, among many other organizations. Coppola's strong Jesuit influence in his life and career, made him an example to his family, and a mentor to many associates and friends in the amusement industry. He made a difference in all he did and his life is celebrated by family, friends and industry colleagues through this Ad Journal.

A Message From AAMA President, Holly Hampton

It is a great honor each year to recognize an individual whom has made a great impact on this very special industry. Beyond decades of service in helping create smiles, high fives, and victory dances these honorees provide so much more to those around them. Their ripple effect of impact can and will never be measured. We just know that it is vast, very vast.

This year has been an especially tough journey as our honoree is no longer here on earth with us, but he'll forever live in our hearts because beautiful humans like Ralph do not fade. They live on in all those whom they've touched. And our industry is just one of many great benefactors of Ralph's love, compassion, and commitment.

Ralph started ICE, Inc. in 1982 creating an arcade legend in Super Chexx Bubble Hockey along with over 150 titles to come thereafter having a lasting impact on people all over the globe. He generously served on the AAMA board of directors because Ralph always believed in giving back. He was a quiet and humble giver because after being known as a loving husband of 49 years to Suzanne, father of four to Joe, Marcy, Lori and Dan, grandfather to Ryan, Carly, Gracie, Lily, Brady, Tess and Jackson, and friend of many, he was a gentleman. Our world needs more gentlemen.

The AAMCF has been honoring the Lifetime Achievement recipient with a tribute journal in order to raise funds for the wonderful children's charities it supports and to create a keepsake for the honoree and those they've impacted to say thank you, we love you, we appreciate you. We hope you enjoy paging through all the messages and are able to reflect on the beautiful life Ralph gave the amusement industry.

We need to be grateful to the people in life that make us better. I'm personally grateful, I can speak on behalf of the AAMA to say that we are grateful and I'll let the following tribute journal speak for itself.

Here's to you Ralph!
Much appreciation,
Holly

A Message From AAMCF President, David Cohen

Ralph Coppola, thru his leadership, creativity and hard work, created ICE, which has provided our industry with premier revenue generating equipment.

Ralph has given so many businesses the opportunity to grow and thrive. He dedicated his life to really making a difference at work, at home and in his community. His impact reached all his employees and his vast network of customers and suppliers, both in the US and throughout the world. Ultimately, countless number of players benefited from the experience of playing those games.

I wonder if he realized the true impact he had on this industry as he gave so many of us the opportunity to provide for our families and our employees, while building our businesses, and the opportunity to give back to our communities. May his memory continue be a blessing for all that had come to know him.

The industry wide/worldwide support for this Lifetime Achievement Award has been nothing but amazing. We received a record number of donations and surpassed our goals beyond our wildest imagination.

I must acknowledge the efforts of our fundraising team: Allen Weisberg, Rich Babich, Holly Hampton, Kevin Jordan, Paula Rinker, Jeff Blair, Ryan Cravens, Jon Betti, Scott Avery, Jonathan Durst, Jon Brady, Brian Duke, and Joe Camarota for all of the hard work and efforts. All of this is made possible due to the efforts of our dedicated staff of Pete Gustafson, Tina Schwartz, and Alex Ritchdorff. All of your hard work, energy and commitment makes this possible. Thank you.

In addition, I need to express my gratitude to Kevin Fritz, Rick Kirby and the staff at Betson, whose efforts went above and beyond. Thank you for your dedication and hard work in reaching out to dozens of customers and soliciting their support for this campaign.

The focus and dedication to putting this campaign 'over the top', was driven by the ICE executive team and the Coppola family. This unprecedented success is thanks to your commitment and your financial support.

Finally, thank you to all of our donors who have supported our foundation in honor of Ralph. You give us the ability to continue to make donations to a variety of charities, to support hundreds of children in need, throughout the United States. Your donations truly make a difference.

On behalf of the Board of Directors, thank you for making the 2019 Lifetime Achievement Journal a huge success.

AAMA STAFF

It's said the measure of a man is not in the wealth he's acquired rather, it's measured by the number of lives he's touched, moved and inspired.

If this is true, than this year's AAMA Lifetime Achievement Award Honoree, Ralph Coppola led a truly successful life. Here is a man who dedicated his life to making a positive difference.

The ripples of Ralph's life spread far and wide starting with his family and friends, touching countless charities, extending to his hundreds of employees, on to his vast network of customers and suppliers, into tens of thousands of family entertainment centers and ultimately washing ashore with the millions of players whose lives he brightened with the games he created and they played.

I doubt Ralph ever took a moment to fully appreciate the difference he made – he likely gave all the credit to the people he surrounded himself with who he believed in, inspired and empowered. He created clearings for these people to show up and be great and because of this they were able to do exactly that – be great.

I wonder if he ever considered how what he was really doing had nothing to do with games. What he was really doing was providing opportunities for families to own a home, take vacations, send their children to college, celebrate holidays and milestones, and live lives of dignity and joy. That is a legacy worthy of acknowledgement and praise.

Ralph held himself to a high standard of integrity, professionalism and leadership obvious to anyone fortunate enough to have made his acquaintance. He was one of those rare people that made you feel better for having been in his presence and will be authentically missed by the entire industry he so loved. I'm thankful for having the good fortune to have known this truly remarkable man.

May Ralph's family and friends find comfort and joy in the many memories they cherish of this good man.

The Boys

Innovative Concepts in Entertainment, Inc.

When we received word that this year's honoree for the AAMA Lifetime achievement award was our father, Ralph Coppola, we were both thrilled and humbled by the news. So, let us begin by taking a moment to express our gratitude to this amazing industry that brought Ralph so much pleasure and became a passion of his for over 35 years. The outpouring of support from the industry this year has been truly overwhelming.

As a team at ICE, we worked very closely with not only the AAMA Board, but also our vendors, customers, and business "partners" around the world to raise funds for this event and we are thrilled with the results! The opportunity that we have been given by the AAMA, and the exposure to see where these funds will be going, is truly incredible. We are excited to be able to give back to these great charities that AAMA supports and while our father wasn't one to enjoy the attention that would have been on him and his accomplishments tonight, the charitable aspect of this award is something that Ralph would be extremely happy to have been a part of and we know he is smiling down on everyone who has been a part of this endeavor.

The amusement community is such a niche industry, and we are so incredibly grateful for the unbelievable places that this industry—and the collection of people—have taken us. As the journal honoree we are able to designate a portion of the total money raised and, as a family, we have decided to give back to a few places and charities near and dear to our family's heart on behalf of Ralph: Canisius High School, Cleveland Clinic, American Heart Association & Make A Wish. As we move forward, we plan to live and act as our father taught us so very well—echoing his quiet philanthropy and generosity. He will always be remembered as an honorable gentleman, with a kind soul, and generous heart. Ralph loved people

and he loved not only working with so many of you here tonight, as well as many from around the world who couldn't be here tonight, but he loved laughing with you and genuinely sharing his passion for the coin op world.

Though they are tough shoes to fill, as a team we have not wavered on the fact that Ralph's legacy will live on. Whenever someone plays Super Chexx or has an enjoyable moment playing any ICE game, we know that Ralph and the family he built at ICE had a role in that. His entrepreneurial skills and vision will be missed and unmatched. Our father's handprint will be etched forever, not only in the fabric of ICE, but also in this industry. It's amazing to think how many millions of smiles ICE games have provided people from around the world, and now he has even a better view to see them.

The page here isn't big enough to list each individual person and company that has reached out to our family over the past 9 months. So please accept this heartfelt thank you and a sincere appreciation to this wonderful industry for all that you have done for the entire Coppola & ICE families.

We would like to express a great appreciation to AAMA and what they have brought to us with this honor. This ad journal is very special to us and we really appreciate the opportunity to participate in this event.

Thank you for your continued support. We are so incredibly blessed and fortunate for the opportunities that our father has given us!

Inseparable

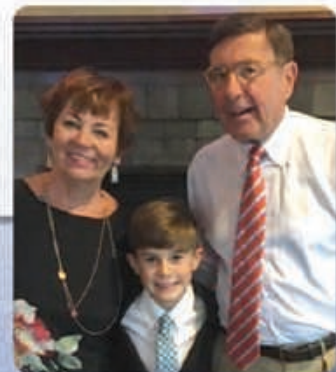

Dear Poppie,

There are so many things I miss about you but I will stick to just sharing a few of my favorites! Golfing with you at Gator Creek was always so fun. You always took me to 711 for slushies and we found the best ice cream places in every place we visited. I miss playing games with you, both the ICE games and our competitive RUMIKUB games at the kitchen table in Siesta Key, and Columbus. It was so awesome getting SUPER KIXX for Christmas, we had so much fun playing that morning. I miss your crazy boat driving skills!! No one can dock a pontoon like you!

Thank you for coming to watch me play soccer even when it poured down rain. It was so great sharing the love of basketball with you. I will miss you so much Poppie. I'm so glad I have so many great memories of our time together.

Love you forever,

Brady

A Lifetime of Lessons: Fourteen lessons for every year I had with my Poppie
Lily Walter

1. Be the first one to say hi- You are never too important or in too much of a rush to be kind.
2. If you're going to do something, do it right.
3. Life is about much more than what a phone screen can provide you- Be present with the people you are with.
4. Take pride in all you do and never stop looking for ways to better yourself.
5. Stop holding grudges- Life is too short.
6. Believe in something bigger than yourself- You will never be satisfied if you seek happiness in your own accomplishments, but if you live for God you will be fulfilled.
7. Be proactive about your dreams. Stop waiting and get started.
8. Keep your word - Be someone people know they can count on.
9. Remember your roots- Do not forget about the people and experiences that shaped you into the person you are today.
10. Attitude is everything- Be a glass half-full type of person.
11. There is something to be learned from everyone- Have the ears to listen and an open mind.
12. Give with no expectations- Be selfless without reason.
13. Take risks- Great things never came from comfort zones.
14. Love unconditionally and be there for people. Show up.

From Lily & Brady

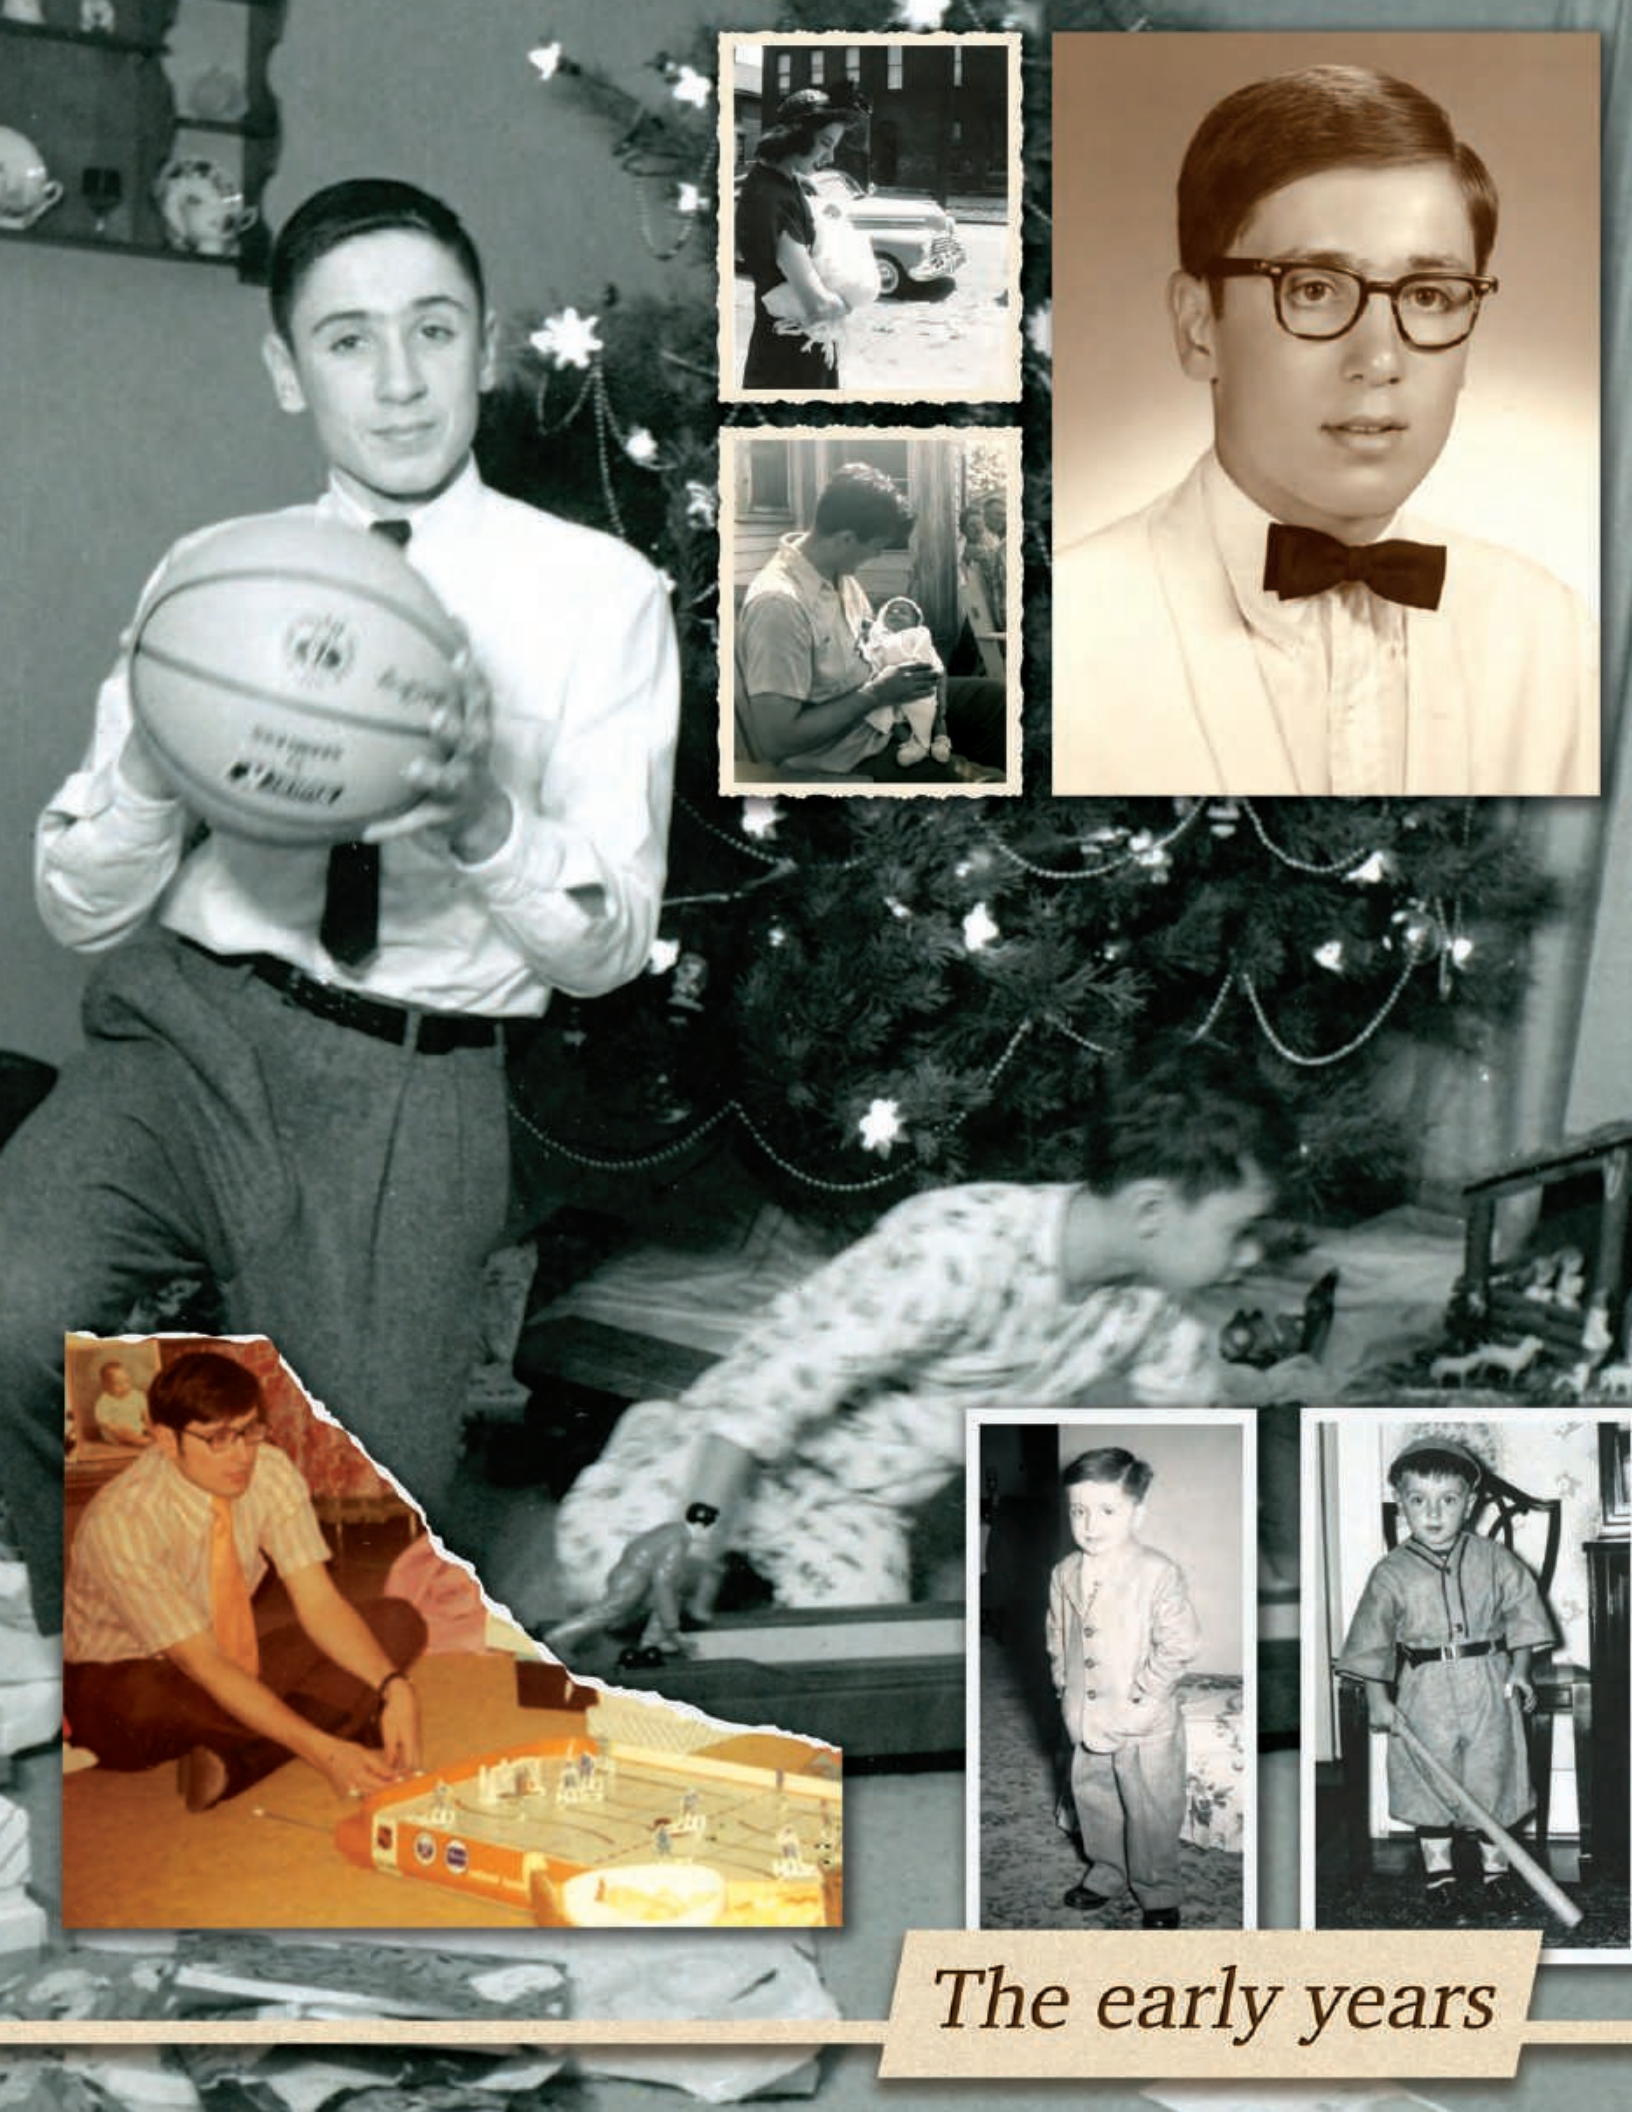

We have gotten to do so many special things with our Poppie: from boating in Siesta, to sightseeing in other cities and many things in between. But our favorite times with him were when we just got to be together, spending time - golfing, eating, laughing and celebrating.

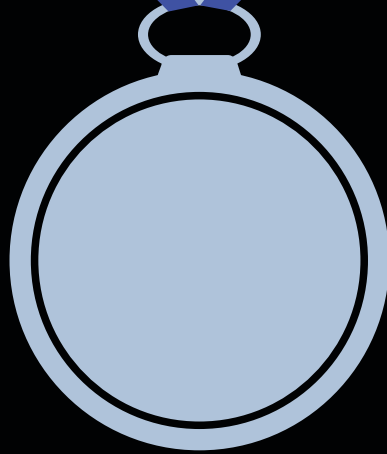

We miss and we'll always love you,

I HAD THE PRIVILEGE OF MEETING RALPH IN 1992. OVER THE YEARS, WE DEVELOPED A TRUE FRIENDSHIP. RALPH WAS A GENTLEMAN IN EVERY SENSE OF THE WORD, HAVING A LONG-STANDING POSITIVE IMPACT IN ALL THE LIVES AND PERSONS HE TOUCHED ACROSS INDUSTRIES AND FRONTIERS, SHOWING THAT KINDNESS IS UNIVERSAL. NOT ONLY DID HE HELP OTHERS AROUND HIM SUCCEED, BUT MORE IMPORTANTLY THROUGH HIS LEADERSHIP, CHARACTER, INTEGRITY, VALUES AND ABOVE ALL, HIS HUMAN QUALITY, HE WAS ABLE TO MAKE ALL OF US FEEL PART OF HIS LEGACY AND FAMILY.

From our team to yours

GALEX are proud to add our name to those of the many people honoring Mr. Ralph Coppola. Although we did not have the pleasure of knowing him personally, his influence and impact have been unmistakable, particularly as evidenced by the character of his son, Joe with whom we have worked for many years. Since we know Joe to be an exceptional person both personally and professionally that is surely a reflection on his father. And since their company has been so influential in our industry that is also a testimony which speaks very well for Ralph Coppola as well. We can't imagine a more deserving recipient of the AAMA Lifetime Achievement Award than Mr. Ralph Coppola. The world is richer for your works and poorer for your absence. God Bless.
