# A letter from our Executive Vice President

“How’s your business?”

Over the past few years, your answer to that question has likely swung from one gigantic extreme to the other. It wasn’t all that long ago when the answer may have been, “What business?” Venues were shuttered by government mandate, guests were huddled in their homes – the only thriving businesses were streaming services, social media sites and e-commerce retailers. Anyone with a brick-and-mortar business was “out of business,” until it was deemed safe for consumers to go out and play again. And when it was, they did...

Think of that feeling of seeing guests streaming into venues again. You couldn’t find labor, couldn’t get equipment and necessary supplies, but foot traffic? That wasn’t a problem, and nor was guest per-cap spend.

A general manager of a big FEC tells a story of the first day his venue reopened for business. Ten pin bowling is one of his anchor attractions, and his senior league bowlers had been champing-at-the-bit to get back on the lanes.

Shortly after he unlocked the doors to let those first senior bowlers in, the sound of a well thrown ball smacking the pins reverberated throughout the venue. Everyone in the place stopped to listen to that familiar noise no one had heard in months. After a few seconds’ pause, the place erupted – a cacophony of spontaneous laughter, tears, high fives, hugs, celebration and joy coursed through the venue.

Don’t think what we do matters? Think again.

The businesses and organizations listed in the pages of this directory get it – they know play is an essential part of the human experience. At AAMA, we provide clearings for the people in these organizations to come together and work on the business of fun. When we come together, we collaborate, share best practices and brainstorm ideas, all in the pursuit of finding a better way to make the world more fun, and given today’s global situation, the world can certainly use more fun.

If you have a desire to work with others intent on amping up the fun for their communities, consider becoming a member. We’re a group of disrupters serious about the business of fun.

Play more,

**Pete Gustafson**

# A letter from our AAMCF Board President

Greetings Readers!

The American Amusement Machine Charitable Foundation (AAMCF) is thrilled to be in association with the AAMA and honored to work hard in effort to raise money for worthy charities in need. We focus on charities that impact our industry's greatest supporter...Kids! And that is kids of all ages, because we should never stop playing.

Since 1983, we have given nearly \$3 Million dollars to charities in need. Our work over the past decade has really been elevated thanks our board, executive director, and the generous donations of the AAMA members. We are all blessed to work in such a special and FUN industry, so it's even more humbling to eyewitness the generosity of so many.

Please check out the 2024 Honor Roll Sponsors on page 17. The Honor Roll is our kick-off fundraiser event and we are so grateful to our sponsors for helping kick the year off with a strong start.

"Happiness doesn't result from what we get, but from what we give."  
- Ben Carson

At your service,

**Holly Hampton**

# AAMCF Annual Events

## Camp Carnivals 2024

Often isolated from the normal activities of childhood, children with cancer rarely have a chance to see beyond the closed worlds of home, hospital, and doctors' offices. Sunrise Day Camps change that, opening the door to a new world, making it possible for children to enjoy a camp experience filled with exciting daily activities, enduring friendships, and laughter, all while catering to their special medical and emotional needs.

**Wednesday July 17, Philadelphia, PA**

**Thursday August 1, Chicago, IL (Lake Zurich)**

**Thursday August 8, Long Island, NY**

## Supporting children in need since 1983!

The AAMCF sponsors fundraising events throughout the year and during Amusement Expo International and our Annual Meeting & Gala, with a portion of the proceeds going to children's charities. To date, the AAMCF has donated nearly \$3,000,000 to children's charities across the globe.

### Lifetime Ad Journal

The *Lifetime Achievement Award Ad Journal* honors an individual whose contributions have left a positive and lasting impact on our industry. A portion of the net proceeds from the ad journal goes toward children's charities, scientific research, and educational organizations. Since the first Ad Journal was published in 2014, the AAMCF has raised over \$1,000,000 through this single initiative.

### Memorial Scholarship

J. Richard Oltmann is an industry icon who celebrated life as an accomplished operator, location owner, game designer, and all-around industry innovator. In keeping with his generous spirit, passion for the industry and focus on education, Richard's family partnered with the AAMCF to establish an annual \$5,000 scholarship in his name.

### Honor Roll

The AAMCF's *Amusement Expo International Honor Roll* recognizes members who support the AAMCF through their generous donations. Recognition is given through signage throughout the show and show directory, and badge ribbons for all the donor's team members to wear.

### Gala & Keen Kids' Arcade

Starting in 2018, a Text to Give event is held during AAMA's Annual Meeting Gala Dinner. In 2023, we raised over \$15,000 at this event.

The K.E.E.N., (Kids Enjoy Exercise Now) Kids Arcade is held on the last day of our Annual Meeting. We invite the children and their families from K.E.E.N. to enjoy the latest and greatest games our manufacturer members displayed at the Annual Meeting & Gala the night before.

# Parental Advisory System

## Guide to Game Content

The Parental Advisory System is a user-friendly system, endorsed by all sectors of the out-of-home amusement industry, members of Congress, and various child advocacy organizations, that allows consumers to quickly identify the content of arcade games.

The system uses a color coded, “traffic light” approach, so that even young children are able, with instruction from their parent(s), to make responsible game playing decisions.

**SUITABLE  
FOR ALL  
AGES**

Content is appropriate for game players of all ages.

**MILD  
CONTENT**

May contain mild violence, suggestive themes, minimal blood or crude humor.

**STRONG  
CONTENT**

May contain strong language, sexual content or strong violence involving human characters resulting in blood and gore.

# AAMA

## GOVERNMENT RELATIONS

The AAMA serves as the legislative voice of the coin-operated amusement industry in dealing with a variety of government issues which directly affect the industry. The committee works closely with John Russell and Margeaux Plaisted, of Dentons Global Advisors, to monitor these issues as we track events occurring on Capitol Hill.

A group of approximately ten men in business suits are standing on the steps of the United States Capitol building. The building's iconic dome is visible in the background under a clear blue sky. The men are arranged in two rows, with some standing on the steps and others slightly behind them.

Every year, we make at least 2 visits to Washington DC.

Join us on our next visit, and get your voice heard by congressional leadership!
